

Village of Nelsonville
Groundwater Protection Committee

Meeting Minutes
March 25, 2019 6:30pm | Nelsonville Village Hall

Members Present: Rubina Martini, Caitlin Brillowski, Tarion O'Carroll, Kyle Gordon

Community members present: Tor Anderson, Katy Bailey

Community Concerns: None

Approval of last meeting's minutes

Defining the committee: We want to expand the scope of the committee to include other issues besides groundwater. We will approach the Village Board about changing our name to *Community Development Committee*.

Community development ideas:

- Community socials
 - o We will ask the Rising Star Mill Committee if we can host community potlucks there
- Traffic issues
 - o Pedestrian crossing aids
 - o Speed limit enforcement
- Village Comprehension Plan
 - o Survey
- Downtown revitalization
 - o Connect Communities program
- Village storm water runoff
- Green initiatives

Water testing update: Jen McNelly has been out of town so we don't have any source test updates at this time. We'd like to host a village meeting where people can learn how to interpret their results.

Committee Member: This committee has a vacancy. Anyone interested in joining our committee should contact the chair, Rubina Martini at Rubina.martini@gmail.com.

Next meeting: May 6, 2019 at 6:30pm

Meeting adjourned at 8:00pm.
